Report from the Alumni Corporation President

By Art Keen '68

I had the opportunity to attend the 2000 College of Agricultural Sciences' Scholarship Banquet. Naturally, a number of Alpha Zeta members also attended; in fact, 17 brothers and sisters were awarded scholarships. Kevin Havartine '01 was Master of Ceremonies. Also attending were Edgar Fehnel '54, John Davies '52, David Poorbaugh '67, David Beppler '53, David Morrow '56, Roy Prescott '58 and Diane Ritchey, the widow of William Ritchey '50.

Mrs. Ritchey has endowed the William Alison Ritchey Scholarship in Forest Resources, which gives preferential treatment to members of Alpha Zeta. I want to thank Mrs. Ritchey for establishing this scholarship. Her generosity is a fine example of what can be done to help Alpha Zeta and the College of Agricultural Sciences.

Scholarships that are awarded strictly to Alpha Zeta members or give preferential treatment to Alpha Zeta members now total about \$6,500. This amount is a substantial increase over last year.

I thank David Beppler '53 for doing an outstanding job chairing the scholarship committee. The other members of the committee were Joel Furman '66, Neil Gingrich '49, David Morrow '56, Matthew Jewart '01 and Doug Kuntz '01.

The recipients of scholarships were Garrett Coleman '01, Marie Cudoc '02, Daphne Doll '02, Michael Flinchbaugh '02, Matthew Jewart '02, Timothy Mohn '02 and Justin Howes '00. Kevin Havartine '01 was awarded the Burkett-Cunningham-Dennis Scholarship — the highest scholarship awarded by the Alpha Zeta national office.

I continue to be impressed by the level of involvement in campus activities by Alpha Zeta members. This involvement takes a tremendous amount of energy and time. A perfect example is the Dairy Science Club. The activities of this club have reached those of a small business. The club will gross over \$200,000 this year, between the Nittany Lion Fall Classic cow sale and the holiday cheese box sales. Last year the club sold over 4,400 cheese boxes. Justin Howes '00 is treasurer and Daphne Doll '02 is chairperson of the cheese box sales.

I was dismayed to learn of inappropriate behavior by a few returning alumni. The care and upkeep of the house is a responsibility of all the members. Alumni are expected to set an example for the undergraduate chapter members. Respect toward the physical structure is required by all members and their guests. If you use the house for any activity, you must clean before you leave.

Letters and phone calls are appreciated. If you have questions or ideas concerning Alpha Zeta, please contact me: Arthur H. Keen '68, 317 College Ave., Lancaster, PA 17603; e-mail: bismoline@bismoline.com; phone: 800-669-8795; fax 717-392-0649.

Homecoming 2000 THE LEGACY LIVES ON

By Michelle Cornman '01

Homecoming activities began on October 16 as the brothers and sisters began to plan for the long week ahead. This year Alpha Zeta competed in the Homecoming events with the agricultural sorority, Sigma Alpha. The week's events included the Nittany Pursuit Scavenger Hunt, Nittany Lion Lip-Sync Contest, and of course the Homecoming float, banner and Mad Hatter competition on Friday evening during the parade. Our theme for this year was Gilligan's Island to go along with the 2000 Homecoming theme *The Legacy Lives On*. Alpha Zeta and Sigma Alpha brought home first place honors with their banner for the second year in a row and placed 10th overall of 26 teams.

Brothers, sisters, alumni and friends enjoyed Homecoming weekend — especially our 39-25 win over Illinois.

Undergraduates Busy with New Members and Activities

By Michael Flinchbaugh '02, Chancellor

The Morrill Chapter has been very active since the last printing of the *Morrill Messenger*. Last spring semester three brothers and five sisters were initiated. There are currently 22 undergraduate brothers and 12 undergraduate sisters. Nineteen brothers, two pledges, and one boarder live in the house. This semester there are four men pledging.

The chapter is again participating in the Penny Wars fundraiser with the other agricultural fraternities and sororities. The money raised will be donated to the Agri-Ability fund, which helps those injured in farm accidents. We are also participating in Dance Marathon this year. This is the first time in a few years that the chapter has participated in Thon; we are excited to be participating in this Penn State tradition once again.

We have also remained very active in clubs and organizations outside of the house. AZ members hold membership in almost all of the major clubs on Ag Hill and in many cases, we hold the main leadership positions within these clubs. Last semester we were the seventh most active Greek organization among both fraternities and sororities and the second most active fraternity. We are also doing well academically with a house GPA of 3.02. We feel that the combination of both academic success and high levels of involvement help us to achieve our goals of scholarship and leadership within the College of Agriculture.

Alpha Zeta Hosts an Interview Techniques Panel Discussion

By Michael Flinchbaugh '02, Chancellor

On November 2, 2000, the Morrill Chapter sponsored an interview techniques panel discussion at the chapter house. Five panelists from the agriculture industry traveled to State College and discussed their companies' interview processes as well as their own personal styles. They informed the audience on the importance of preparation for interviews and how to handle specific questions posed during the interview process. Following the discussion, there was a question and answer session during which specific questions about interviewing and resumé writing were answered. Attending were many undergraduate brothers and sisters as well as other students and faculty from the College of Agricultural Sciences.

Following the discussion, attendees were able to network with the panelists in person. The panelists included Jeff Harding '81 from Monsanto, Joe Mayer '82 from Pioneer Hi-Bred, Russel Brown from Northeast Agri-Employment Services, Max Smith from Cargill and Dr. David Morrow '56. Three of the panelists — Jeff Harding, Joe Mayer and Dr. Morrow — are alumni of AZ.

Overall the evening was a great success. Students were able to network with professionals in the industry and the panelists were able to talk with the students who they will soon be recruiting.

Panelists who participated in our interview techniques panel discussion program were (L-R) Joe Mayer '82, Rick Smith, Russel Brown, Jeff Harding '81, and David Morrow '56.

Undergraduates Busy, Continued

This semester we again participated in the annual Homecoming events. We participated in the many homecoming contests in conjunction with Sigma Alpha and placed well in many of the competitions. Alpha Zeta also sponsored an interview panel discussion this semester, inviting professionals from the agricultural industry to come and speak on their interview techniques. Both students and faculty were invited and the evening was a success.

This fall's graduating class is a very special group of people and we would like to wish them the very best as they pursue their futures.

"The *Morrill Messenger* is always a welcome visitor to my mailbox," writes **Howard J. Merrill '42** (1053 W. Fifth St., Ontario, CA 91762). He has two sons living nearby and four grandchildren. Since retiring 19 years ago, Howard has spent time each spring and fall working on landscaping at the family farm in Waverly, N.Y. He's planted more than 700 different daffodils at the farm and authored a book on daffodil culture.

Charles W. Rutschky III '43 (1016 Taylor St., State College, PA 16803; cir2@psu.edu) tells us that the house on West Beaver Avenue in State College that belonged to the late **Frank Anthony '34** has been purchased by a charitable organization, House of Care, to care for individuals of low or moderate income with limited life expectancy. Frank was president of Alpha Zeta Corp. for over 25 years.

In March 2000, Jean and **John Cairns Jr. '44** (1 Dogwood Cir., Blacksburg, VA 24060; jcairns@vt.edu) moved to a townhouse at Warm Hearth Village, a retirement community. A month later, John signed a contract for his 61st book and agreed to serve as editor of *Ethics in Science and Environmental Politics*.

"Walking by the house brings back very positive memories," notes **Emory J. Brown '48** from his address at 634 E. Irvin Ave., State College, PA 16801. He plays golf and enjoys a little sailing and tennis. Emory visited Ireland last spring and was planning a trip to Turkey this fall.

With his son and grandsons, **Horace D. Jackson Jr. '48** (1825 Summit Dr., West Lafayette, IN 47906) completed a 70-mile, 10-day trek at the Philmont Boy Scout Ranch in New Mexico. Part of the backpacking journey was a climb up Mount Baldy, a 12,500-foot walk-up.

For **Donald W. Griffiths Jr. '50** (607 Queens Crossing, Williamsburg, VA 23185; dwggdg@widomaker.com), a highlight of the year 2000 was attending his 50th reunion in June. "Meeting with Alpha Zeta brothers and wives proved to be a most memorable occasion."

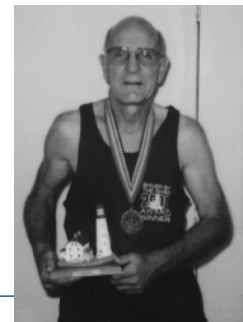

John A. Bosch '51 (524 Pauley Woods Cir., Kettering, OH 45429) and **Cy Fahnstock '51**, the only two Ag engineers in the Alpha Zeta Class of 1951, enjoyed a reunion at the Caterpillar museum in Williamsport, Pa. Cy had a career with Caterpillar.
